

Name of Company: Yedra Arquitectura

Job Title: Architectural Assistant

Location: C. Agua del Albayzín, 6, local 2, Albaicín, 18010 Granada

Website: <https://arquitecturayedra.com/>

Duration: 3 months

Company Description

YEDRA Arquitectura is located in the heart of the Albaicín quarter and has been working in Granada since 2003. We believe that architecture should be close to people and improve their lives, with simplicity, a sense of peace and well-being. For us tradition rises with innovation, and together make architecture kind and sustainable.

Our mission is to give shape to spaces so that they meet the needs of people and make their lives easier, with the resources available to them, working towards a caring and justice world, from our corner in the Albaicín.

Role Description

During this 3-month Erasmus+ placement as an Architectural Assistant at YEDRA Arquitectura, the participant will contribute towards the objectives and requirements of active projects, including tasks such as digital rendering; 3D model building; drawing-up plans with CAD programmes; preparing and presenting design proposals; compiling feasibility reports; searching information for the research stage; taking measures on-site and writing competition bids.

Required Applicant Profile

- Background in architecture (suitable for Part I)
- Familiar with Building Information Modelling (BIM)
- Strong design skills
- Knowledge of AutoCAD, InDesign, Photoshop, Illustrator, Sketchup, Excel, Word, Cypacad and Presto
- The participant must bring their own laptop with the above software

- Ability to work well and learn with a hardworking committed team
- Good general interpersonal and communication skills
- Ability to work independently
- Candidates must be proactive, flexible, highly motivated and keen to work in a dynamic working environment
